PERSONAL STATEMENT

Detail-oriented and highly motivated Computer Science & Engineering student with a genuine passion for building clean, efficient, and interactive software. I value discipline, continuous learning, and problem-solving, and take pride in turning ideas into practical, working projects.

CAREER OBJECTIVE

To build a strong career as a Software Engineer and Game Developer, where I can apply my programming skills to design and develop reliable, well-engineered systems and interactive experiences, while continuously growing toward my long-term goal of launching my own game development studio.

ACADEMIC HISTORY

American International University-Bangladesh (AIUB)

2022 – Present

Bachelor of Science (BSc) in Computer Science & Engineering — 3rd Year Running

CGPA: 3.50 / 4.00

Cambrian College — Dhaka Board

2022

Higher Secondary Certificate (HSC) — Science

Result: A+

National Ideal School — Dhaka Board

2020

Secondary School Certificate (SSC) — Science

SOFTWARE & SKILLS

- Programming Languages: C++, C#, Java
- Web: HTML, CSS, React JS
- Version Control: Git & GitHub
- Productivity Tools: MS Word, Excel, PowerPoint
- Design: Canva
- Familiar with AI-assisted development tools

CORE STRENGTHS

- Fast learner with strong analytical skills
- Disciplined and self-motivated
- Effective communication and problem-solving ability
- Strong team leadership and collaboration

COMMUNICATION SKILL

Fluent in verbal and written English and Bengali.

INTEREST & ACTIVITIES

- Game development and interactive application design
- Exploring emerging technology and business ideas
- Research interests: space and deep-sea exploration
- Event management and volunteer coordination

PROJECTS

- **Journey by Bus — Interactive Computer Graphics Application** (C++ / OpenGL): four-scene animated app with bus/vehicle movement, real-time wind and rain effects, and interactive mouse/keyboard camera controls.
- **Hospital Management System** (Java): management system to streamline hospital operations and staff workflow.
- **University Management System** (C#): admin system for student/teacher/staff data, fee records, CGPA view, and data entry/removal control.
- **Advanced Doorbell System** (EEE/IoT concept): smart doorbell with camera support and visitor-notification features.

ACHIEVEMENTS & ACTIVITIES

- Achieved an A+ result in HSC
- Received sports prizes in Cricket and Football tournaments
- Certified blood donor
- Volunteer certificate holder, Korean Bangladesh Friendship Society (KBFS)
- Active member, Bangladesh Patriot Society (BPS) — event organization, communication, and team leadership
