PERSONAL STATEMENT

Detail-oriented Computer Science & Engineering student at AIUB, majoring in cyber security, with a hands-on habit of building. I value discipline, continuous learning and problem-solving, and I take pride in turning ideas into practical, working software.

CAREER OBJECTIVE

To build a career in cyber security, where I can combine my programming background with Linux and networking skills to understand how systems are attacked and help make them more secure, while continuing to grow as an engineer.

ACADEMIC HISTORY

American International University-Bangladesh (AIUB) **2022 – Present**
Bachelor of Science (BSc) in Computer Science & Engineering, cyber security major — 3rd Year Running
CGPA: 3.50 / 4.00

Cambrian College — Dhaka Board **2022**
Higher Secondary Certificate (HSC) — Science
Result: A+

National Ideal School — Dhaka Board **2020**
Secondary School Certificate (SSC) — Science

SOFTWARE & SKILLS

- Security & Systems: Linux, Networking
- Programming: Python, C++, C#, Java, Kotlin
- Web: HTML, CSS, React JS
- Mobile & Cloud: Jetpack Compose, Firebase (Authentication, Cloud Firestore)
- Version Control: Git & GitHub
- Productivity Tools: MS Word, Excel, PowerPoint
- Design: Canva
- Familiar with AI-assisted development tools

PROJECTS

- **MedLink — Android health app (Kotlin, Jetpack Compose, Cloud Firestore, Firebase Authentication):** Admin, Doctor, Nurse, Patient and Guardian roles; atomic appointment and lab slot booking, walk-in queue, Medicine Score adherence tracker, doctor chat, and prescription OCR with Gemini (Firebase AI Logic).
- **Journey by Bus — Interactive Computer Graphics Application (C++ / OpenGL):** four-scene animated app with bus and vehicle movement, real-time wind and rain, and interactive mouse/keyboard camera controls.
- **Hospital Management System (Java):** management system to streamline hospital operations and staff workflow.
- **University Management System (C#):** admin system for student, teacher and staff data, fee records, CGPA view, and data entry/removal control.
- **Advanced Doorbell System (EEE/IoT concept):** smart doorbell with camera support and visitor-notification features.

CORE STRENGTHS

- Fast learner with strong analytical skills
- Disciplined and self-motivated
- Effective communication and problem-solving ability
- Strong team leadership and collaboration

COMMUNICATION SKILL

Fluent in verbal and written English and Bengali.

INTERESTS & ACTIVITIES

- Cyber security and secure system design
- Exploring emerging technology and business ideas
- Research interests: space and deep-sea exploration
- Event management and volunteer coordination

ACHIEVEMENTS & ACTIVITIES

- Achieved an A+ result in HSC
- Received sports prizes in Cricket and Football tournaments
- Certified blood donor
- Volunteer certificate holder, Korean Bangladesh Friendship Society (KBFS)
- Active member, Bangladesh Patriot Society (BPS) — event organization, communication and team leadership
